THANKS TO

COLOURED BODY PORCELAIN TILES | GRES PORCELLANATO COLORATO IN MASSA ●
WHITE BODY WALL TILES | RIVESTIMENTI IN PASTA BIANCA ▲

The LEED standard (Leadership in Energy and Environmental Design) is a rating system dedicated to the development of "green" buildings. Developed by the US Green Building Council and internationally recognised, it points out the necessary requirements to build eco-compatible projects, capable of functioning in a sustainable and autonomous way from an energy point of view, as well as having a low environmental impact throughout their entire life cycle. This system is based on the allocation of credits for each single requirement: the total amount of credits defines the obtained certification level. Also ceramic tiles can contribute to the achievement of LEED points. Ceramiche Atlas Concorde is a member of the US Green Building Council.

Lo standard LEED (Leadership in Energy and Environmental Design) è un sistema di rating per lo sviluppo di edifici "verdi". Elaborato dall'US Green Building Council e riconosciuto a livello internazionale, indica i requisiti per costruire edifici eco-compatibili, capaci di funzionare in maniera sostenibile ed autosufficiente a livello energetico e di avere un basso impatto sull'ambiente durante tutto il loro ciclo di vita. Il sistema si basa sull'attribuzione di crediti per ciascuno dei requisiti: dalla somma dei crediti deriva il livello di certificazione ottenuto. Anche le piastrelle ceramiche possono contribuire al raggiungimento dei crediti LEED. Ceramiche Atlas Concorde è membro dell'US Green Building Council.

Le standard LEED (Leadership in Energy and Environmental Design) est un système pour l'évaluation visant au développement d'édifices écologiques. Élaboré par l'US Green Building Council, il est reconnu au niveau international et précise les critères pour construire des édifices compatibles avec l'environnement, capables de fonctionner de manière durable et autonome d'un point de vue énergétique tout en ayant un faible impact sur l'environnement durant tout leur cycle de vie. Le système se base sur l'attribution de crédits pour chacun des critères. La somme de ces crédits détermine le niveau de certification obtenu. Le carrelage en céramique peut lui aussi contribuer à obtenir des crédits LEED. Ceramiche Atlas Concorde fait partie de l'US Green Building Council.

Der LEED Standard (Leadership in Energy and Environmental Design) ist ein Bewertungssystem, das die Entwicklung "grüner" Gebäude fördert. Ausgearbeitet vom US Green Building Council ist dieser Standard international anerkannt und gibt Grundbedingungen für den Bau von öko-kompatiblen d.h. nachhaltigen und in Bezug auf Energie unabhängigen Gebäuden, die während ihres gesamten Lebenszykluses geringe Wirkung auf die Umwelt haben, vor. Das System beruht auf Credits, die man erhält, wenn diese Grundbedingungen des ökologischen Bauens erfüllt sind. Aus der Summe der Credits bestimmt sich das erreichte Zertifizierungs-niveau. Auch Fliesen können zum Erreichen der LEED Credits beitragen. Ceramiche Atlas Concorde ist Mitglied des US Green Building Council.

El estándar LEED (Leadership in Energy and Environmental Design) es un sistema de clasificación para el desarrollo de edificios "verdes". Elaborado por el US Green Building Council y reconocido a nivel internacional, indica los requisitos para construir edificios eco-compatibles, capaces de funcionar de manera sostenible y autosuficiente a nivel energético y de tener un bajo impacto ambiental durante el ciclo de vida completo. El sistema se basa en la atribución de créditos por cada uno de los requisitos: de la suma de los puntos deriva el nivel de certificación obtenido. También los azulejos cerámicos pueden contribuir al conseguimiento de los puntos LEED. Ceramiche Atlas Concorde es miembro del US Green Building Council.

LEED (Лидерство в области энергоэффективного и экологического проектирования) – признанная на международном уровне сертификационная система оценки зданий по степени экологической чистоты. Разработана Советом экологического строительства США (US Green Building Council) и устанавливает требования к проектированию и строительству зданий с точки зрения энергоэффективности, влияния на здоровье человека и окружающую среду. Система основывается на присвоении баллов по каждому из оценочных параметров, а по сумме накопленных баллов определяется уровень сертификации. Керамические плитки также могут содействовать получению баллов LEED. Ceramiche Atlas Concorde является членом Совета экологического строительства США.

▲ RECYCLED CONTENT. Manufactured with minimum 20% of pre-consumer recycled materials. It can contribute to the awarding of 1 LEED credit. RECYCLED CONTENT. Contiene oltre il 20% di materiale riciclato pre-consumer e può contribuire al raggiungimento di 1 credito LEED. RECYCLED CONTENT. Il contient plus de 20% de matériau recyclé pré-consumation et peut contribuer à l'obtention d'1 crédit LEED. RECYCLED CONTENT. (RECYCLINGANTEIL) Enthält über 20% pre-consumer Recyclingmaterial und kann zum Erhalt von 1 LEED Punkt beitragen. RECYCLED CONTENT. Contiene más del 20% de material reciclado de pre-consumo y puede contribuir a la obtención de 1 crédito LEED. СОДЕРЖАНИЕ ВТОРИЧНОГО СЫРЬЯ. В производстве изделий использовано более 20% вторичного сырья, что способствует получению 1 балла LEED.

● VOC CONTENT. Low-emitting materials with zero emission of volatile organic compounds (VOC). It can contribute to the awarding of 1 LEED credit. VOC CONTENT. Materiali a bassa emissione con cessione nulla di sostanze organiche volatili (VOC: "volatile organic compounds"). Può contribuire al raggiungimento di 1 credito LEED. VOC CONTENT. Matériaux à faible émission avec aucune libération de substances organiques volatiles (VOC: "volatile organic compounds"). Peut contribuer à l'obtention d'1 crédit LEED. VOC CONTENT. (VOC-GEHALT) Emissionsarme Materialien ohne Abgabe von flüchtigen organischen Verbindungen (VOC: "volatile organic compounds"). Kann zum Erhalt von 1 LEED Punkt beitragen. VOC CONTENT. Materiales de baja emisión sin aporte de sustancias orgánicas volátiles (VOC: "volatile organic compounds"). Puede contribuir a la obtención de 1 crédito LEED. СОДЕРЖАНИЕ ЛОС. Материалы с низким или нулевым выделением летучих органических соединений (ЛОС). Содействуют получению 1 балла LEED.

● HEAT ISLAND EFFECT. The light colours reduce the "Heat Island Effect" in outdoor spaces. It can contribute to the awarding of 1 LEED credit. HEAT ISLAND EFFECT. I colori chiari riducono l'effetto "isola di calore" negli spazi esterni. Può contribuire al raggiungimento di 1 credito LEED. HEAT ISLAND EFFECT. Les couleurs claires réduisent l'effet « îlot de chaleur » dans les espaces extérieurs. Peut contribuer à l'obtention d'1 crédit LEED. HEAT ISLAND EFFECT. (WÄRMEINSELEFFEKT) Die hellen Farben reduzieren den «Wärmeinsel-Effekt» in Außenbereichen. Dies kann zum Erhalt von 1 LEED Punkt beitragen. HEAT ISLAND EFFECT. Los colores claros reducen el efecto "isla de calor" en los espacios exteriores. Puede contribuir a la obtención de 1 crédito LEED. ЭФФЕКТ ТЕПЛООВОГО ОСТРОВА. Светлые цвета уменьшают эффект «теплового острова». Способствуют получению 1 балла LEED.

MADE IN ITALY. MADE TO EXCEL.

MADE IN ITALY

www.atlasconcorde.com

The Made in Italy logo of Atlas Concorde stands for style, quality and ethics. Having firmly adhered to the Ethical Code promoted by Confindustria Ceramica, Atlas Concorde places the Made in Italy logo on all the products designed and produced in Italy, that is to say ceramic tiles, decorations and the majority of special trim tiles. Only a small amount of the latter is manufactured in Spain. Atlas Concorde products are produced using eco-friendly technologies, top quality and safe raw materials with the best working conditions guaranteed for our personnel. For these reasons, Atlas Concorde's Made in Italy is the expression of strong values such as style, design, product quality, and respect for the environment and the people who live in it.

Il marchio Made in Italy di Atlas Concorde è sinonimo di stile, qualità ed etica. Avendo aderito con convinzione al Codice Etico di Confindustria Ceramica, Atlas Concorde appone il marchio Made in Italy su tutti i prodotti studiati, progettati e realizzati in Italia, nella fattispecie tutte le piastrelle di ceramica, le decorazioni e la maggioranza dei pezzi speciali. Solo un ristretto numero di questi ultimi è fabbricato in Spagna. I prodotti Atlas Concorde sono inoltre realizzati con tecnologie rispettose dell'ambiente, utilizzando materie prime eccellenti e sicure, garantendo le migliori condizioni di lavoro. Per queste ragioni il Made in Italy di Atlas Concorde è espressione di valori forti quali stile, design, qualità del prodotto, attenzione all'ambiente e alle persone.

Ceramics of Italy

www.confindustriaceramica.it

The Ceramics of Italy logo is an exclusive identification on ceramic products which have effectively been made in Italy by companies that are a part of the Confindustria Ceramica and who adhered to its Ethical Code. This Code, promoted and created by Confindustria Ceramica, commits all companies to communicate, clearly and with transparency, the origin of their products.

Il marchio Ceramics of Italy contrassegna esclusivamente i prodotti ceramici effettivamente realizzati in Italia da un'azienda associata a Confindustria Ceramica che ha sottoscritto il Codice Etico. Il Codice, redatto dalla stessa Confindustria Ceramica, impegna a comunicare con chiarezza l'origine dei prodotti.
